

ENHANCING EMPLOYMENT AND TRAINING THROUGH EDUCATION ACT

(Ms. DELBENE asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. DELBENE. Mr. Speaker, today I'm proud to introduce the bipartisan Enhancing Employment and Training through Education Act.

This bill will help improve access to opportunity for struggling families by helping people get jobs and an education while reducing the need for government assistance. It will spur pilot projects across the country, modeled after my home State of Washington's Supplemental Nutrition Assistance Program's employment and training program.

Washington's program is an extraordinary example because it provides targeted education services leading to economic self-sufficiency. This focused strategy helps participants gain the necessary skills to succeed in their careers.

Even at the height of the recession, when jobs were scarce, 60 percent of those enrolled in Washington's programs found employment. In one study, less than half of the participants remained on government assistance 2 years after starting the program.

This jobs bill is a prime example of how the government can spend a little money now and save a lot in the future. I urge my colleagues to support this critical legislation.

MARKETPLACE FAIRNESS ACT

(Mr. BRIDENSTINE asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. BRIDENSTINE. Mr. Speaker, I rise today to oppose H.R. 684, the Marketplace Fairness Act.

Imagine if a State had the authority to reach beyond its borders into another State and compel a business in the other State to collect and remit taxes.

Imagine a business being forced to collect and remit taxes for over 9,600 different local tax jurisdictions, and being open to audit by 50 different States, yet only having representation in one of those tax jurisdictions.

This law would overturn a foundational American principle of no taxation without representation.

Imagine the same business losing market share to offshore businesses that cannot be compelled by Congress to collect taxes for local jurisdictions in the U.S. Now, imagine that business either closing its doors or leaving the country in order to compete.

The unintended consequences of the Marketplace Fairness Act have not been considered. I understand why some people support it, but this bill is not the right solution.

CELEBRATING NATIONAL NURSES WEEK

(Mr. BERA of California asked and was given permission to address the House for 1 minute.)

Mr. BERA of California. Mr. Speaker, this week we're celebrating National Nurses Week. As a doctor, and on behalf of physicians all across this Nation, I want to salute the over 3 million registered nurses for their service to our patients. The partnership between physicians and nurses is critical to ensuring America's health, and this partnership will become even more important as we move to contain the cost of health care.

America's nurses will be key to making sure that every patient in America has access to affordable health care. So on this National Nurses Week, this doctor chooses to salute nurses everywhere for their service to America's patients. Thank you.

WHISTLEBLOWER PROTECTIONS FOR MILITARY SEXUAL ASSAULT VICTIMS

(Mrs. WALORSKI asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Mrs. WALORSKI. Mr. Speaker, according to the Department of Defense, in 2011, there were an estimated 19,000 victims of sexual violence in the military; however, only 2,700 servicemembers actually filed a sexual assault report. These numbers are daunting and completely inexcusable.

Earlier this week, I was proud to introduce bipartisan legislation with Congresswoman LORETTA SANCHEZ. This bill strengthens whistleblower protections for military sexual assault victims. These protections ensure victims of sexual crimes have the same rights as other military whistleblowers.

Today, we have the opportunity to provide servicemen and -women with the peace of mind that they can report sexual violence without fear of retaliation. I encourage all my colleagues to support H.R. 1864 and help eradicate sexual violence from the Armed Forces.

KEEPING ALL STUDENTS SAFE ACT

(Mr. GEORGE MILLER of California asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. GEORGE MILLER of California. Madam Speaker, I rise today to introduce the Keeping All Students Safe Act to protect schoolchildren from abusive seclusion and restraint practices. These practices are at best cruel and at worst deadly, and they continue to be used in schools on children across the country.

In Indiana, an 8-year-old girl with Down syndrome had her shoes duct-

taped painfully to her ankles because she refused to put her shoes on. In North Carolina, a 14-year-old boy with a traumatic brain injury was confined inside a cardboard box as a form of time-out.

In Minnesota, a 10-year-old boy with autism was pinned face down on the floor for 57 minutes by three staff members at his school after a tantrum he had while working on a puzzle. And in Virginia, a 13-year-old boy was placed in solitary confinement for 3 hours after he threw his lunch.

In some cases, children have even died with these improper restraints. My bill would stop these abusive practices. Congress needs to act. There's no room for torture in America's schools.

AFFORDABLE CARE ACCOUNTABILITY ACT

(Mr. COFFMAN asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. COFFMAN. Madam Speaker, we need to amend a fundamentally unfair provision within the Patient Protection and Affordable Care Act, better known as ObamaCare. That is, many of the very people who have been responsible for writing, advocating for, passing, signing into law, and promulgating rules governing the implementation of ObamaCare are exempt from the coverage requirements mandated by this law.

That is why I am introducing the Affordable Care Accountability Act. This legislation will require the President, the Vice President, all of the Cabinet Secretaries, all political appointees, all Members of Congress, and all congressional staff, including those from committees and leadership, to receive their health care insurance coverage through the insurance exchanges required under ObamaCare.

Americans deserve to know that their government officials will never seek to pass legislation only to exempt themselves from all of its provisions.

HONORING BILL JENNINGS, GUARDIAN OF THE SAN JOAQUIN DELTA

(Mr. MCNERNEY asked and was given permission to address the House for 1 minute.)

Mr. MCNERNEY. Madam Speaker, I rise today to honor the work of one of my constituents, Bill Jennings. Mr. Jennings has a long and storied resume. Currently, he is the executive director and chairman of the California Sportfishing Protection Alliance, a board member of the California Water Impact Network, and an executive committee member of Restore the Delta, a group that educates the public about the importance of the San Joaquin Delta.

Mr. Jennings has been recognized numerous times for his work on behalf of our environment and has received
